DESIDERATA

GO PLACIDLY AMID THE NOISE & HASTE, & REMEMBER WHAT PEACE THERE MAY BE IN SILENCE. AS FAR AS POSSIBLE WITHOUT surrender be on good terms with all persons. Speak your truth quietly & clearly; and listen to others, even the dull & ignorant; they too have their story. ❧ Avoid loud & aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain & bitter; for always there will be greater & lesser persons than yourself. Enjoy your achievements as well as your plans. ❧ Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. ❧ Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity & disenchantment it is perennial as the grass. ❧ Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue & loneliness. Beyond a wholesome discipline, be gentle with yourself. ❧ You are a child of the universe, no less than the trees & the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. ❧ Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors & aspirations, in the noisy confusion of life keep peace with your soul. ❧ With all its sham, drudgery & broken dreams, it is still a beautiful world. Be careful. Strive to be happy. ❧ ❧

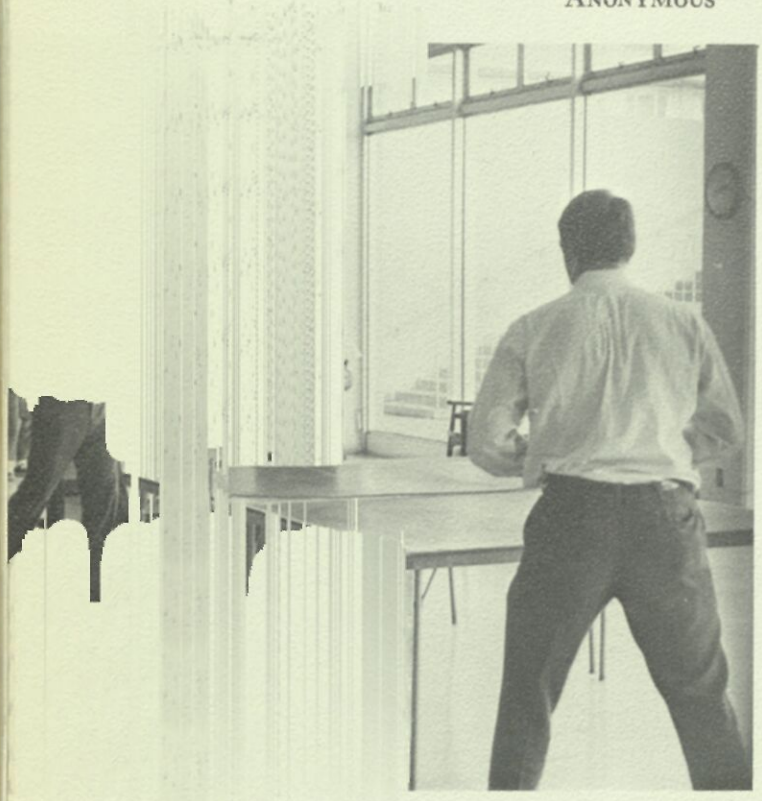
On The Understanding Heart . . .

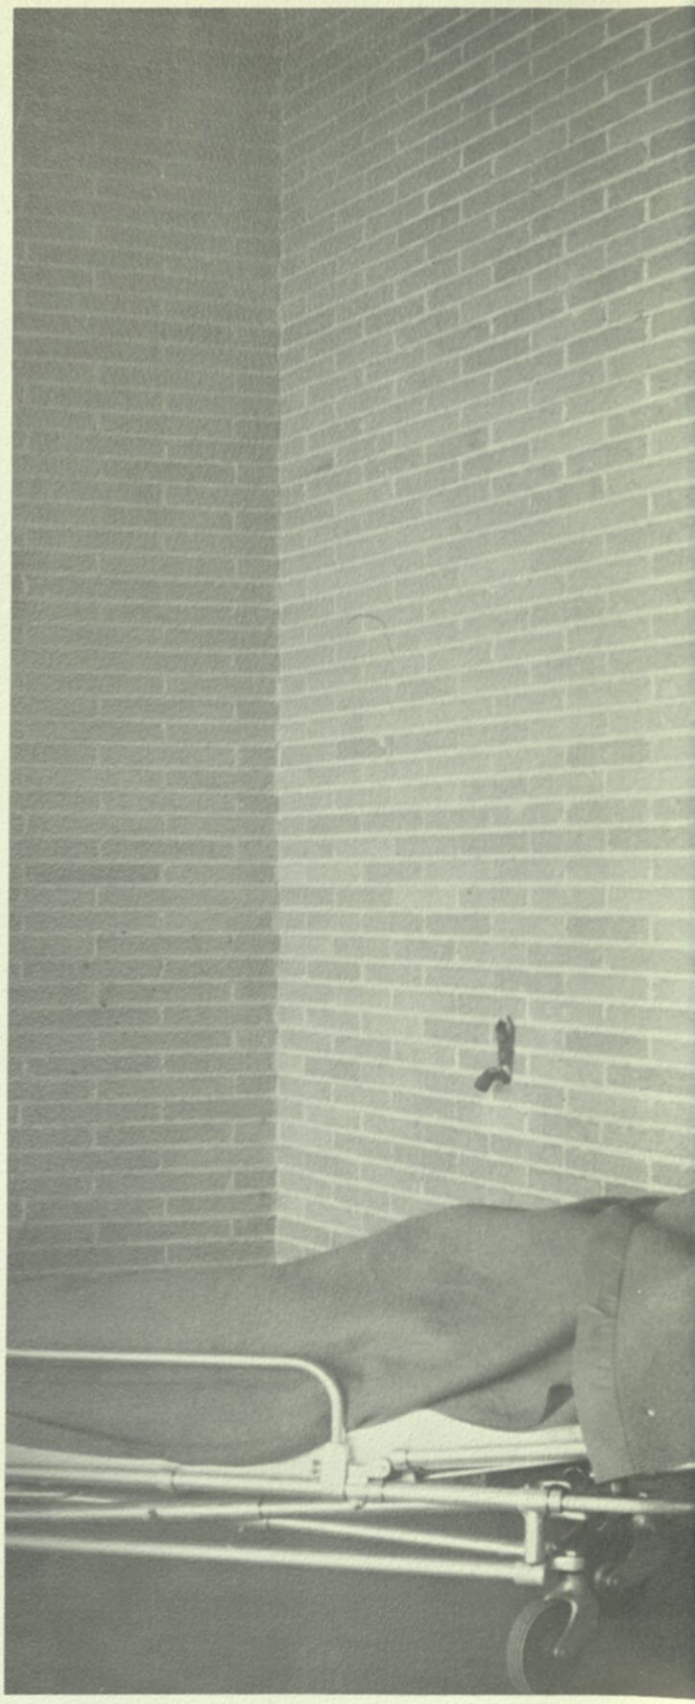
We are all citizens of one world, we are all of one blood. To hate a man because he was born in another country, because he speaks a different language, or because he takes a different view on this subject or that, is a great folly. Desist, I implore you, for we are all equally human. . . . Let us have but one end in view, the welfare of humanity.

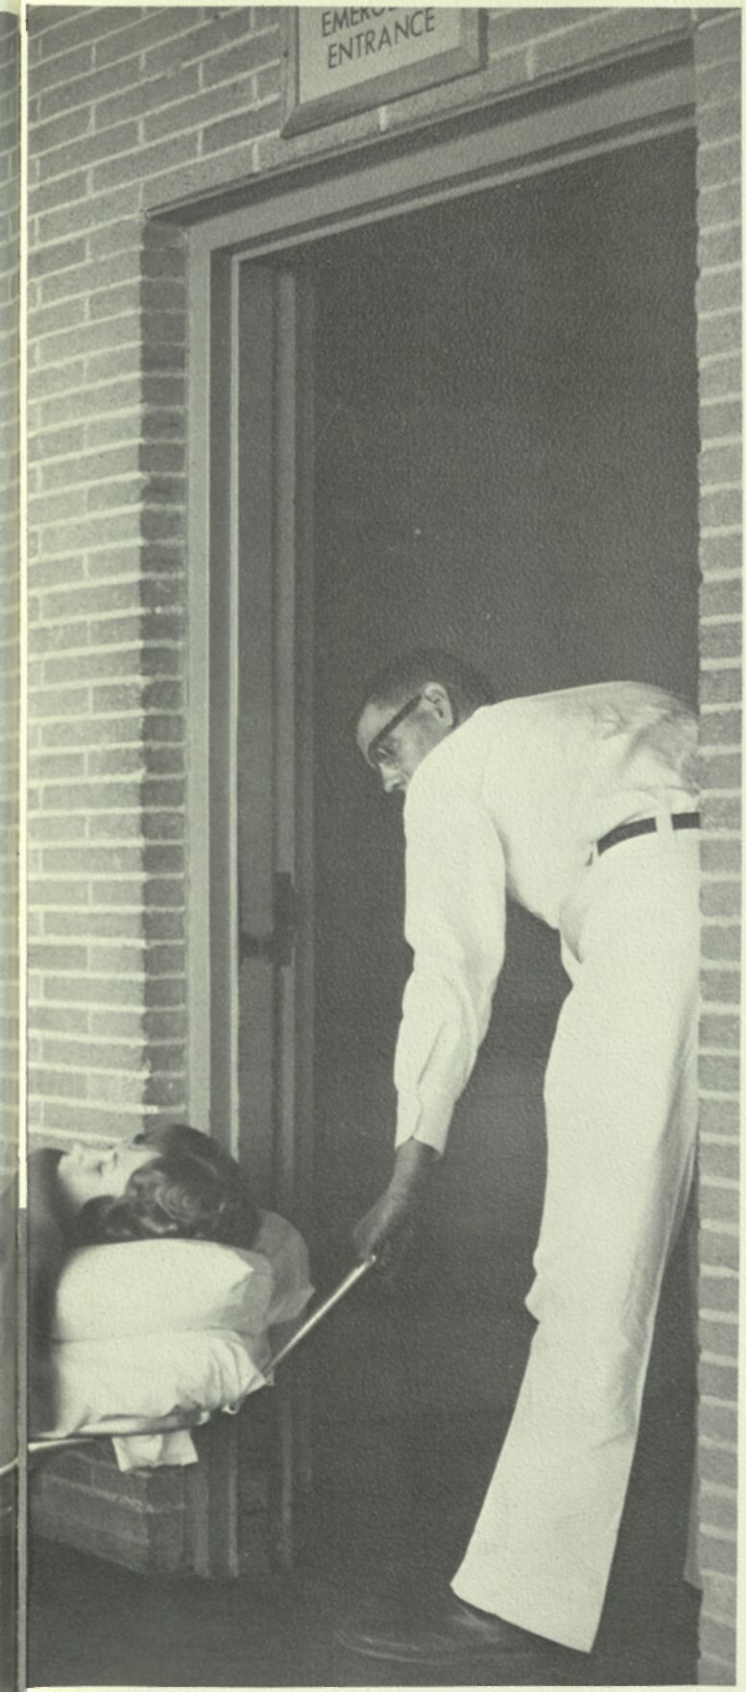
Johann Amos Comenius . . .

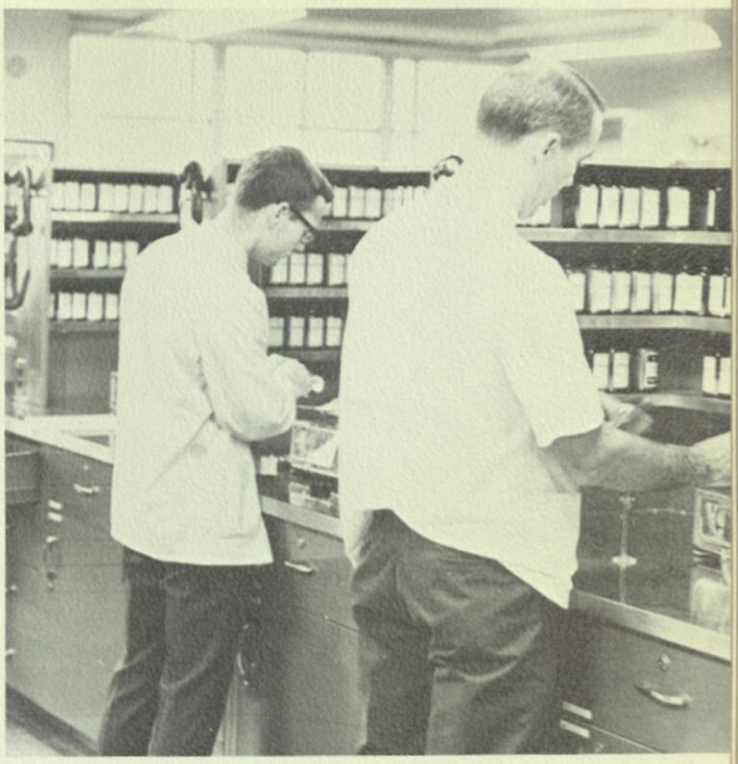
IF THERE is righteousness in the heart there will be beauty in the character. If there be beauty in the character, there will be harmony in the home. If there is harmony in the home, there will be order in the nation. When there is order in the nation, there will be peace in the world.

ANONYMOUS









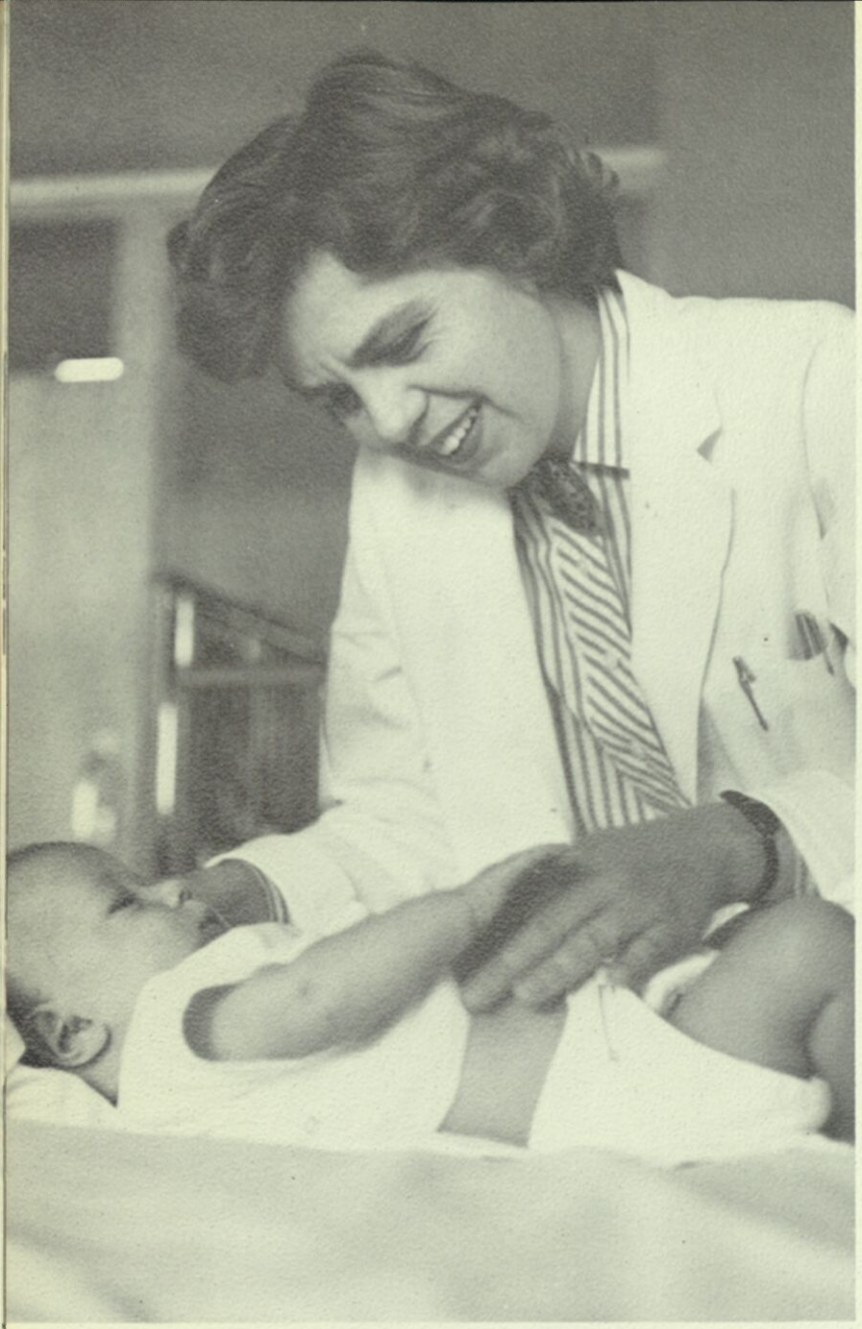
WHAT a man *is* contributes much more to his happiness than what he *has*. . . . What a man is in himself, that accompanies him when he is alone, what no one can give him or take away, is obviously more essential to him than everything he has in the way of possessions, or even what he may be in the eyes of the world.

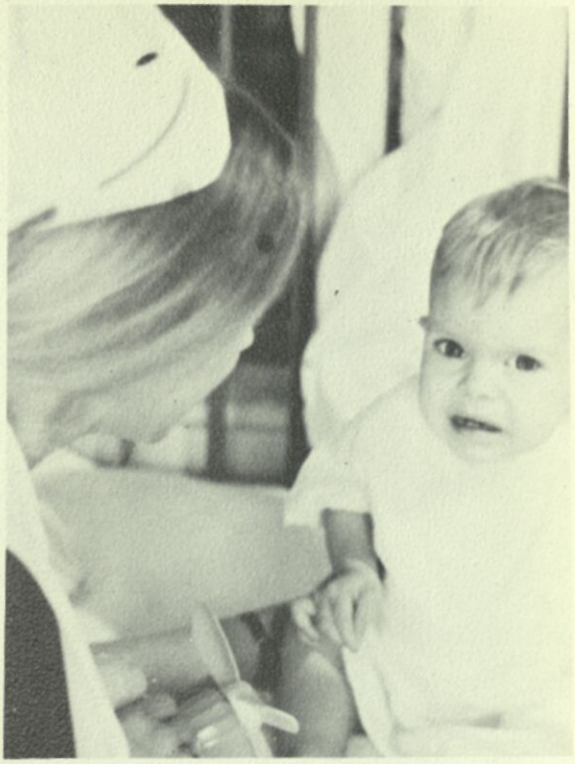
ARTHUR SCHOPENHAUER

. . . I Love Little Children, and It I s Not a Slight Thing When They, Who Are Fresh From God, Love Us. . . .
Charles Dickens

THERE are three men that all ought to look upon with affection: he that with affection looks at the face of the earth, that is delighted with rational works of art, and that looks lovingly on little children.

ANONYMOUS





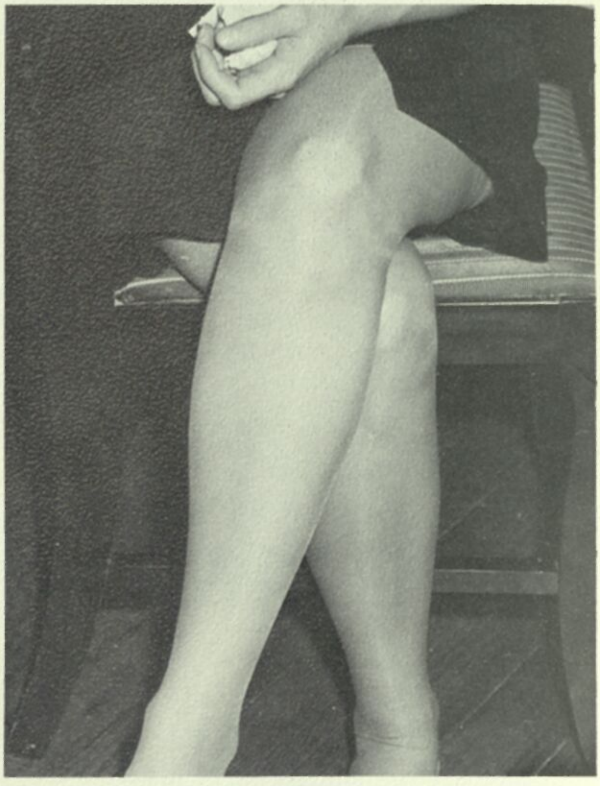
KNOW you what it is to be a child? It is to be something very different from the man of today. It is to have a spirit yet streaming from the waters of baptism; it is to believe in love, to believe in loveliness, to believe in belief, it is to be so little that the elves can reach to whisper in your ear; it is to turn pumpkins into coaches, and mice into horses, lowness into loftiness and nothing into everything, for each child has its fairy godmother in its soul.

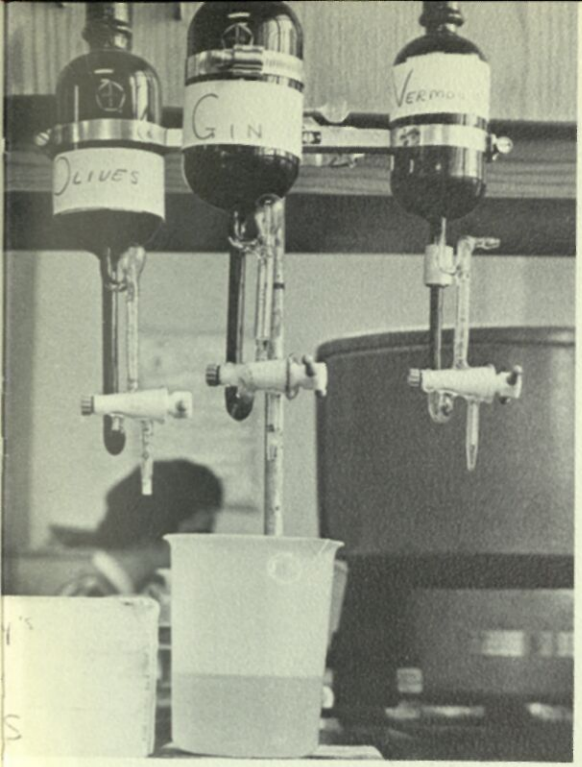
FRANCIS THOMPSON

In This Centennial Year of College Football, The Razorbacks Made A Great Name Across The Nation. UAMC students Are Ardent Supporters of The Hogs. GO HOGS GO IN '70-71.

All is not serious work at the UAMC.

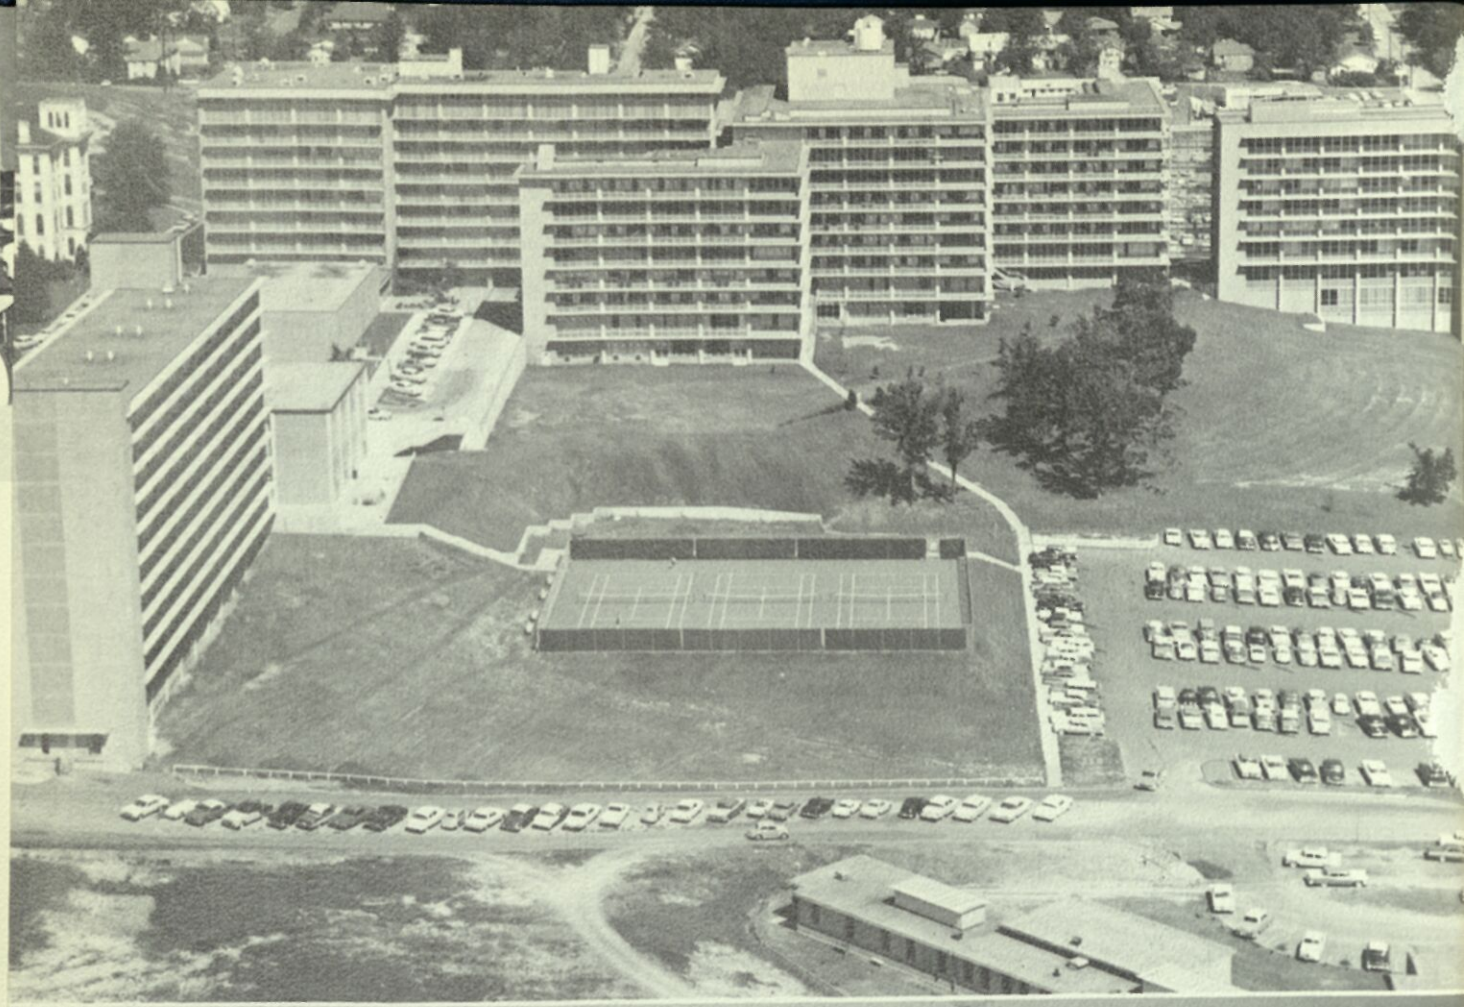
There are **even** some moments of complete inhibition!!!





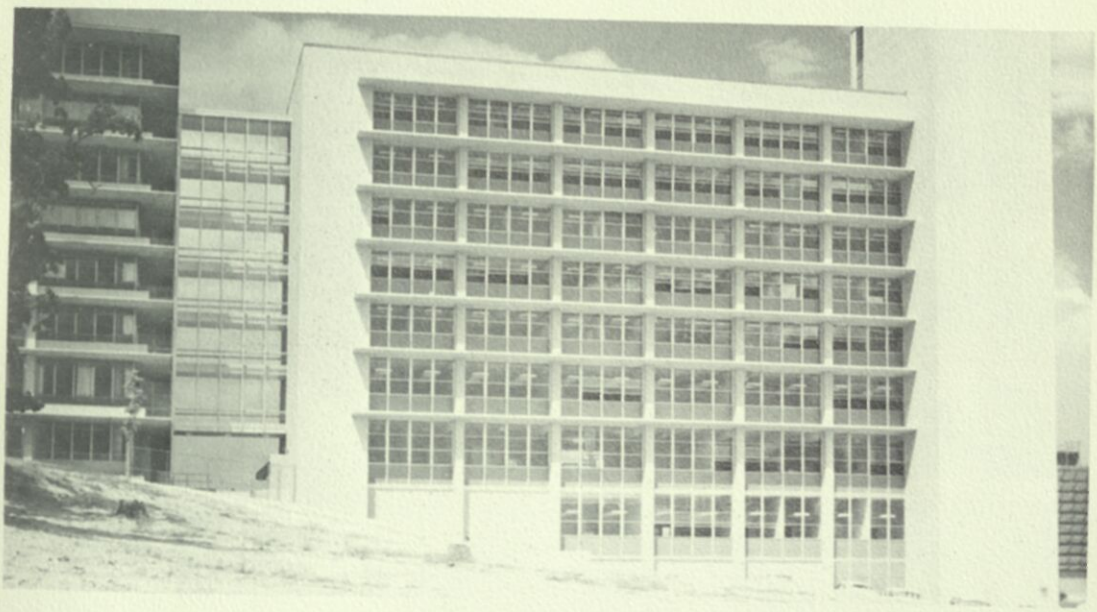
Grief Can Take Care of Itself, But To Get The Full Value of A Joy You Must Have Someone To Divide It With.

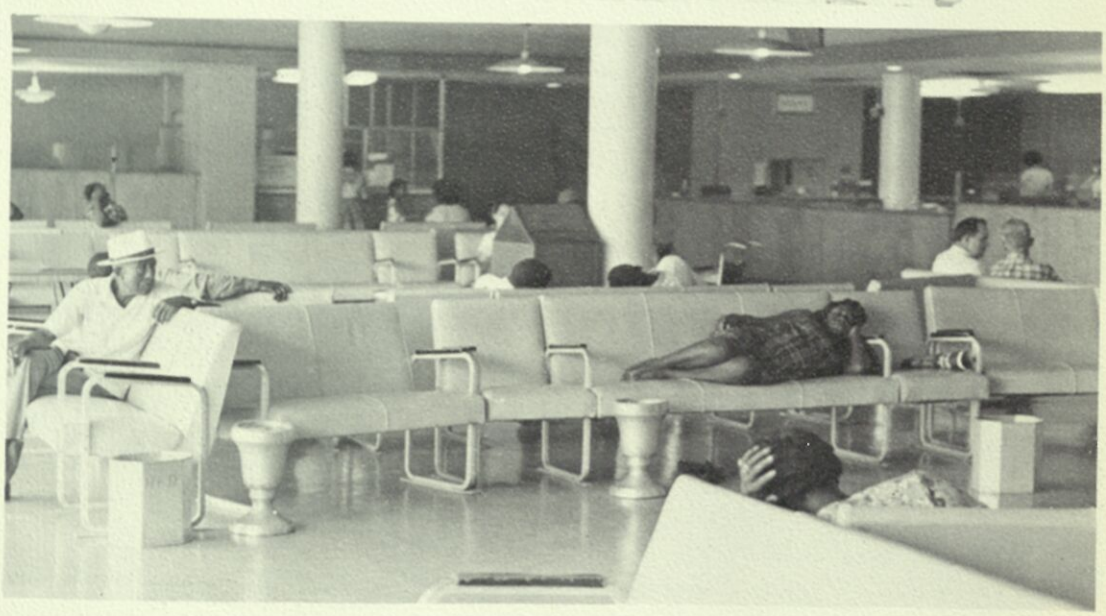
Mark Twain



UNIVERSITY OF ARKANSAS MEDICAL CENTER

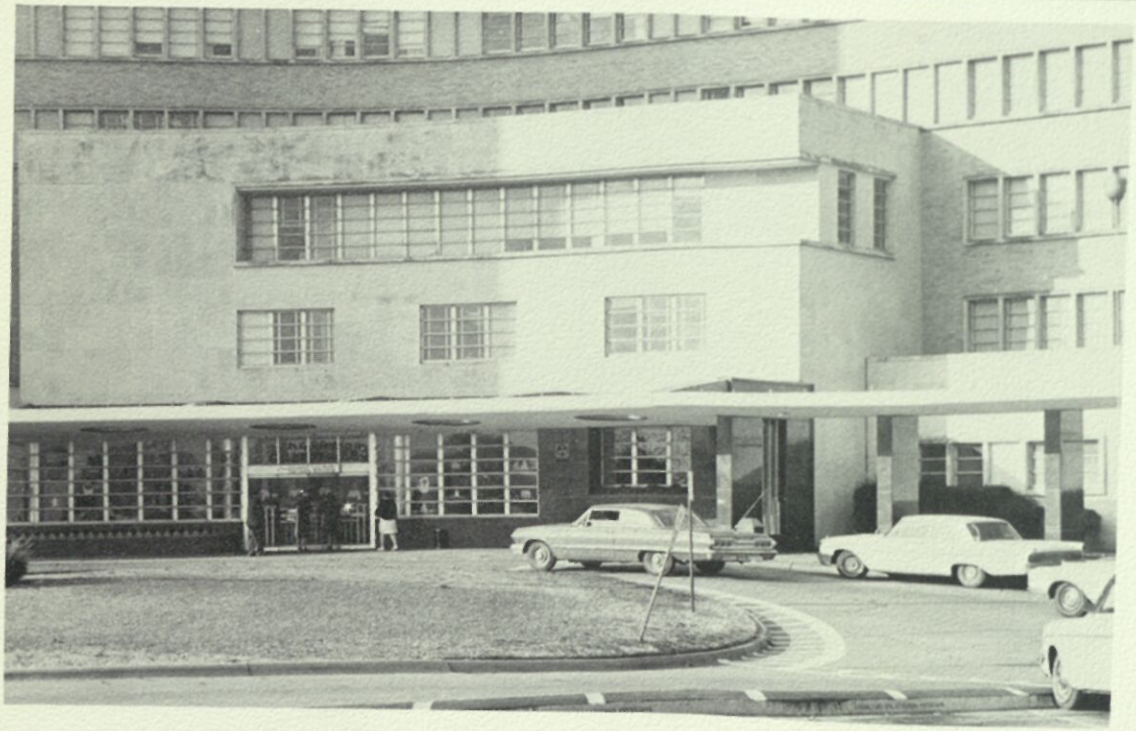
The University of Arkansas Medical Center ranks among the best medical centers throughout the country. The $20,000,000 structure (completed in 1957) is composed of the following units: a 450 bed hospital and an educational wing. During 1969 the census for the University Hospital was care for 67,000 outpatients, 27,037 Emergency room visits and over 2,000 new babies. Through the cooperation of highly motivated staff members, students, and health professionals, the Medical Center in 1969 produced 91 physicians, 41 pharmacists, 36 nurses, 8 medical technologist, and 15 x-ray technologist. In addition, the newly formed school of Dental Hygiene graduated its first class of 20 students, and 5 cyto-technologist were graduated. Construction of the new Child Study Unit to provide for the psychiatric evaluation and treatment of children and for the training of Arkansas teachers of children with learning problems was completed during the year and is now in full operation.

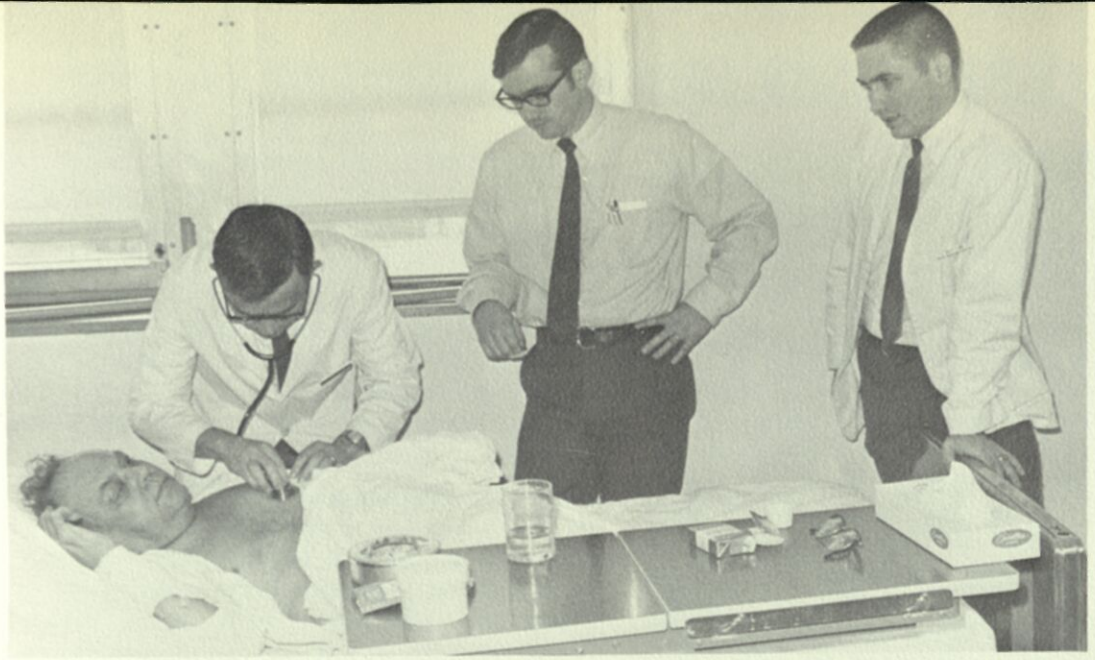


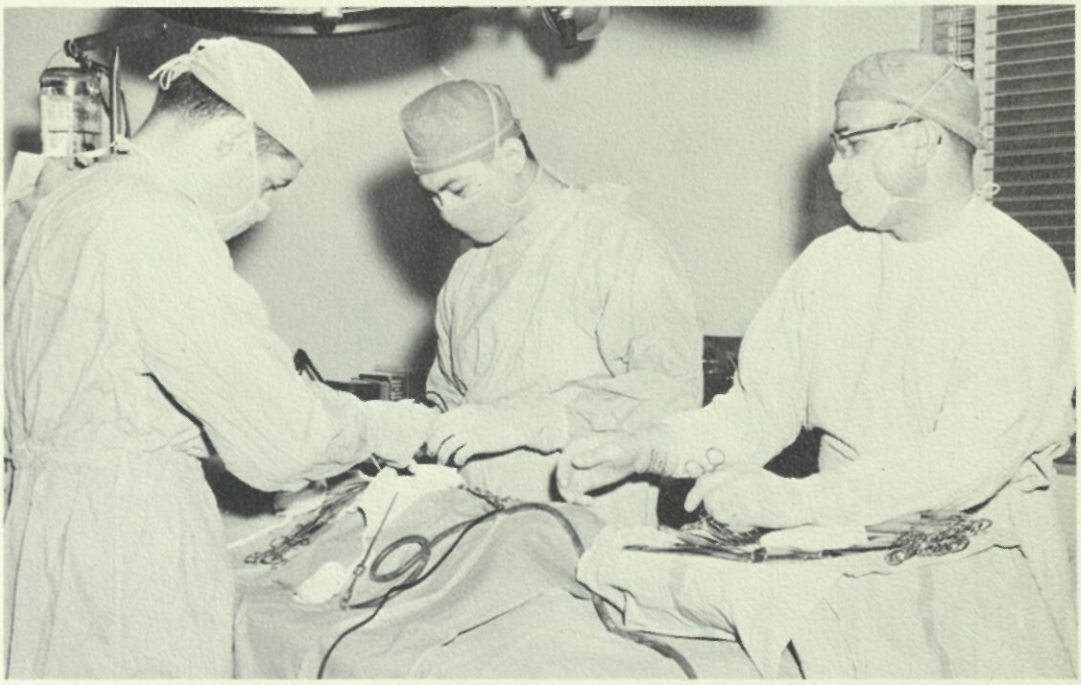


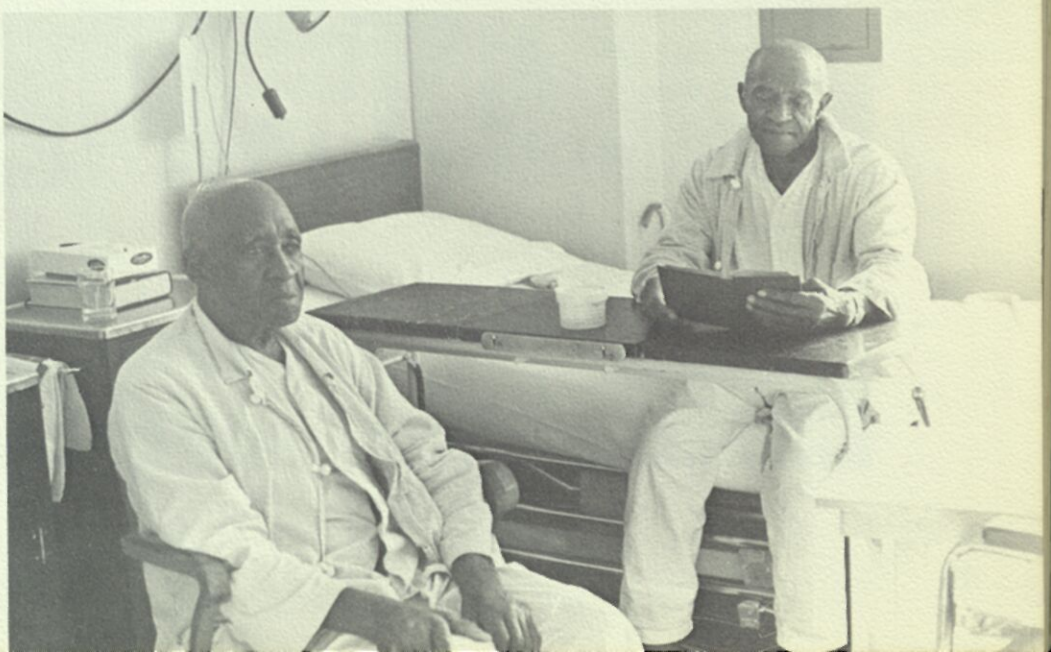
VETERAN'S ADMINISTRATION HOSPITAL

The Little Rock Veterans Administration Hospital has a total bed capacity of 471 with 9,939 admissions last year and 71,979 outpatient visits. The VAH provides medical and surgical clerkships for junior and senior students and is engaged in an active internship and residency program.

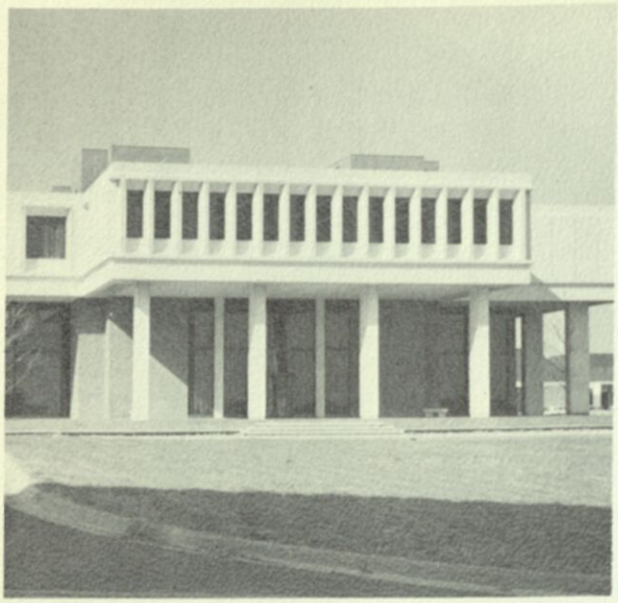






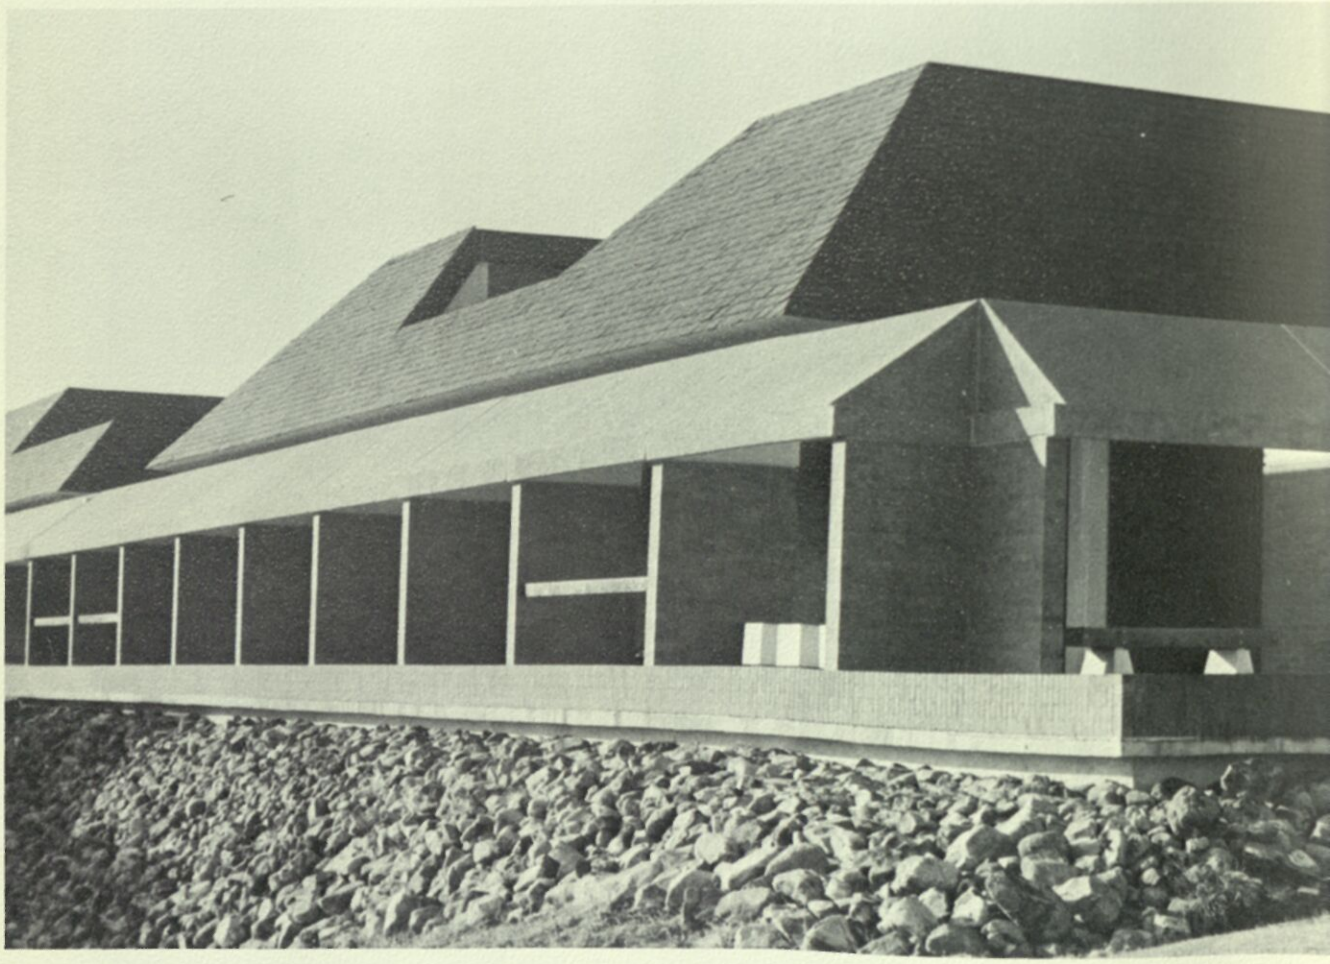


ARKANSAS STATE HOSPITAL



Arkansas is recognized as a leader in the field of mental health. This is due primarily to the active building and training progams of its State Hospital. Through appropriate legislation and federal grants, the hospital system has accelerated its training programs for psychiatrists, nurses, and psychiatric technicians.

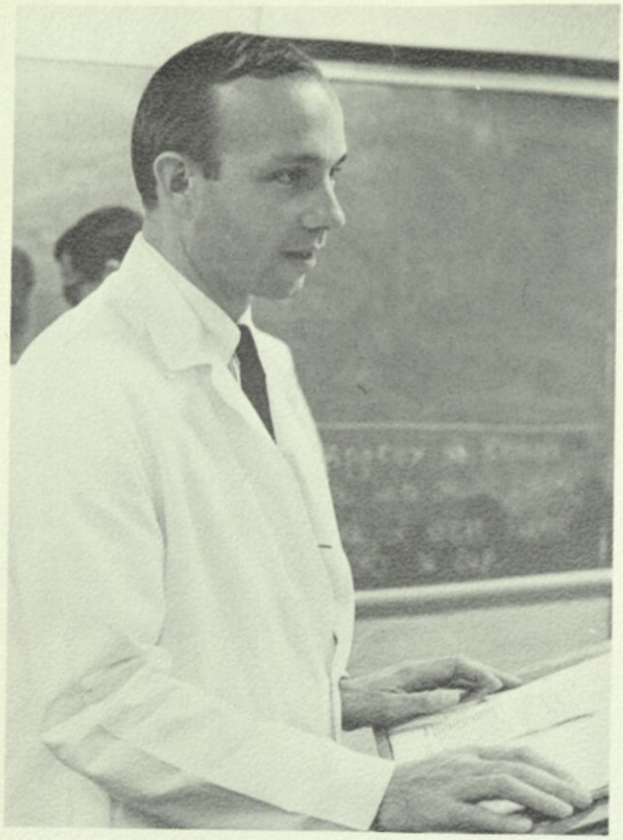
The maximum load of the Little Rock State Hospital is 800 patients with an active follow-up program of 200 outpatients throughout the state. The Community Mental Health Program was begun in July, 1967 and now has extended to include 40 Arkansas counties. There are now four comprehensive mental health centers and seven community units.



ARKANSAS CHILDREN'S HOSPITAL

Arkansas Children's Hospital is a 94-bed fully accredited non-profit institution providing comprehensive medical and surgical care for children throughout the State of Arkansas. Arkansas Childrens Hospital has been affiliated with the orthopedic residency program of the University of Arkansas Medical Center since 1962. The orthopedic residents serve six months as junior residents and six months as senior residents. Senior pediatric residents have had a three month rotation ad ACH since 1965. The staff of the hospital consists of private practioners of pediatrics, orthopedics, surgery, and dentistry in Little Rock, plus consultants from the Medical Center.

DEDICATION



Joseph Bates, M.D.
Associate Professor
of Medicine

We dedicate the 1970 Caduceus to Dr. Joe Bates who has demonstrated during our acquaintance with him, exceptionally high character and professional qualities. He has channeled great physical and creative effort into teaching us and his unbridled enthusiasm has inspired us all.

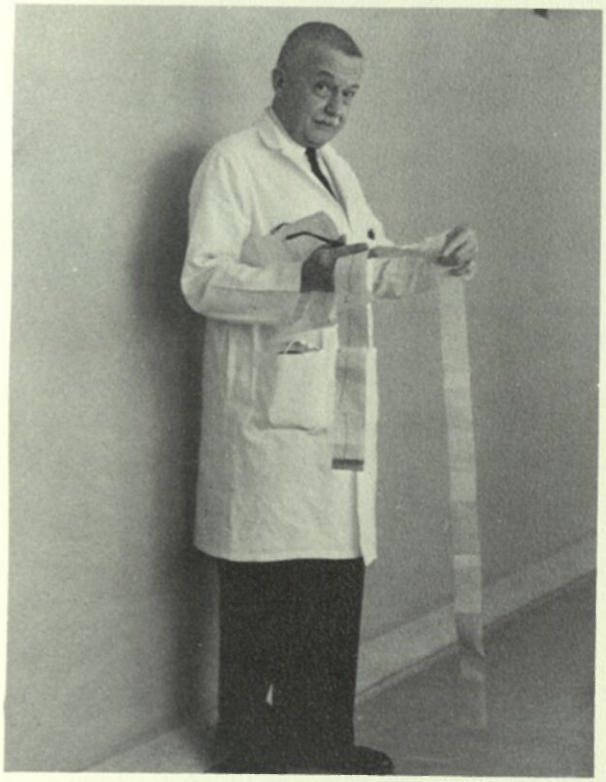
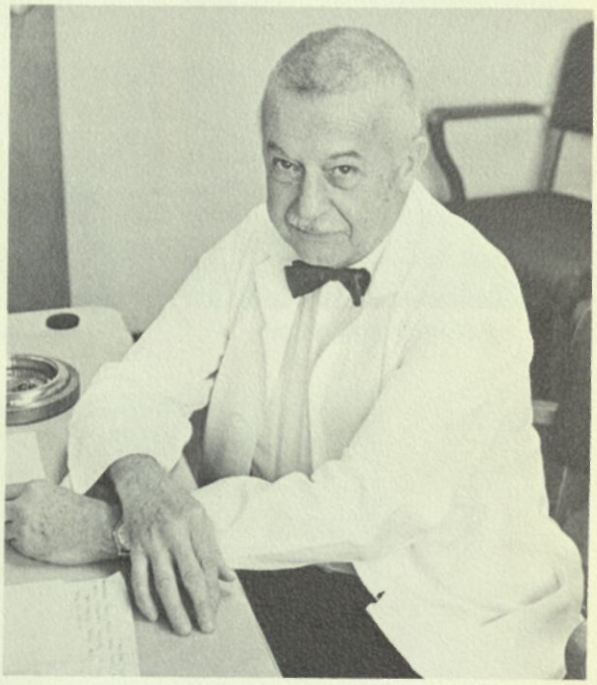
MEDICAL STUDENTS SAY THANKS:

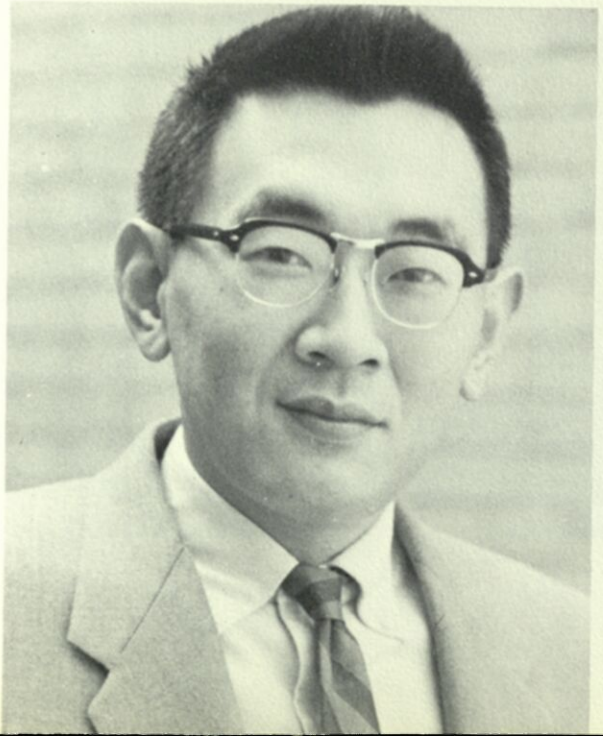
To James S. Taylor, M.D., for his capabilities as a cardiologist; for his interest in teaching anyone interested in learning for the past several years; for the excellence of his conferences, and for his gentleness with patients, students, and residents. Dr. Taylor, we sincerely wish you an enjoyable and healthy retirement.





James S. Taylor, M.D.

To Howard K. Suzuki, Ph.D., for his knowledge of Anatomy and ability to teach it as well as use it practically; even though he scared us half to death during Freshman anatomy, we can look back and say he always had understanding and compassion for his students, and was fair at all times. We wish you success in your new administrative appointment with another university.



Howard K. Suzuki, Ph.D.

IN MEMORIAM

"My Name and my place
and my tomb, all forgotten,
The brief race of time
well and patiently run,
So let me pass away,
peacefully, silently,
Only remembered by what
I have done."

Bonar

Mrs. Ruth Jarmon, M.S.
Instructor, Microbiology

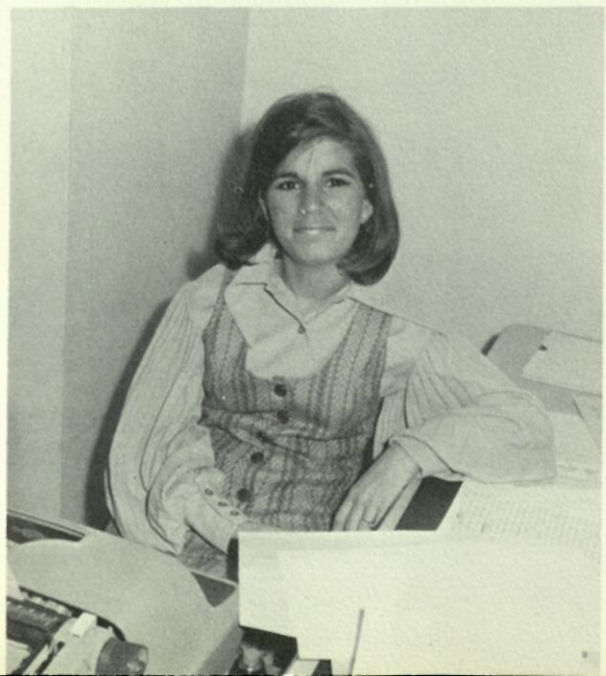
Senior Medical Students Say Thanks To Faculty Secretaries

Barbara Babb
Secretary to Horace N. Marvin, Ph.D.

Thanks for your cooperation and efficiency in getting grades to students, and for helping make the first Elective Senior year go smoothly, while we were deciding what to take.

Maudine Wright
Secretary to Winston Shorey, M.D.

Thanks for typing the hundreds of letters of recommendation for internships and for your friendliness to students in general.



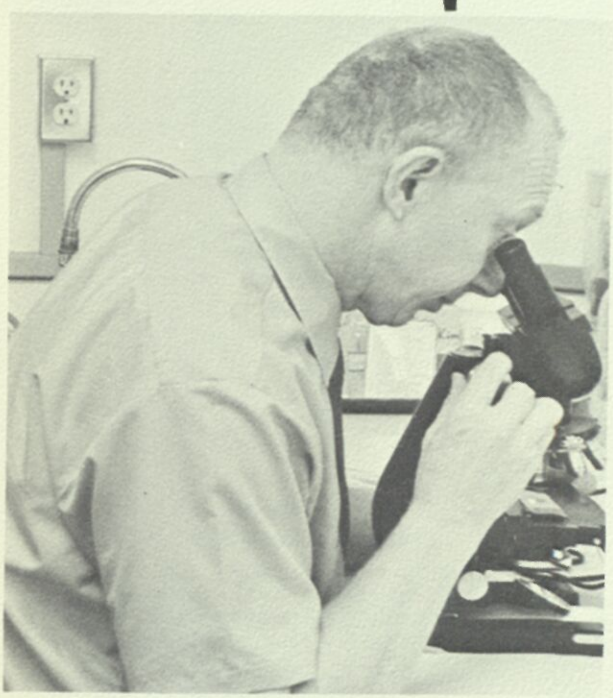
Frances Mack
Orthopedic Secretary

We enjoyed your just sitting around looking beautiful. Your friendly attitude toward students made the Orthopedic service even more enjoyable. (Sorry we couldn't get a shot of the legs fellows)

FACULTY

"So what if I do have a personality disorder and hate medical students."

"Whadd'ya Mean, 'Heavy Drinker'? Hell, A pint lasts me a whole day."



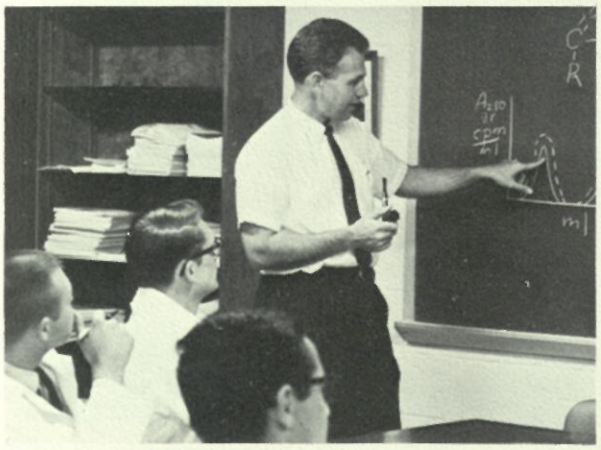
"When I came here the **Little Monster** wanted me to change to tetrazolium sensitivity."

"Sure Dr. Ab, I'll have those sensitivity tests for you in a few minutes."

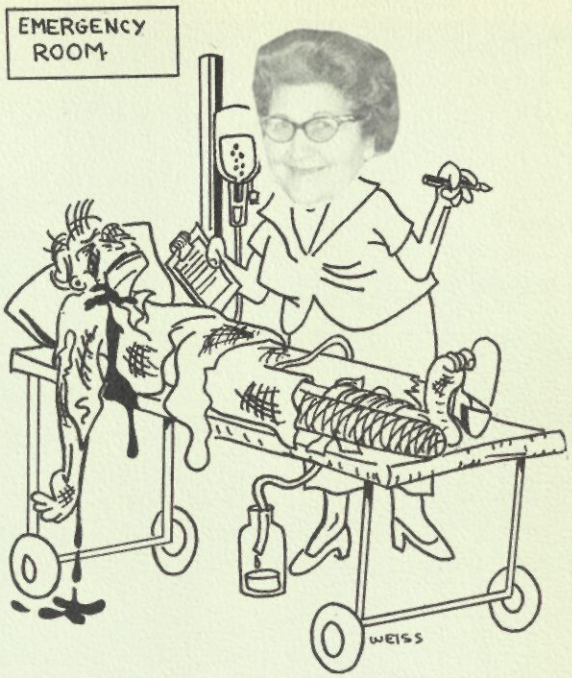
FAVORITES

"Gilbert, does a positive VDRL have any significance?"

"Just think, if I get the SOB award again this year I'll get to keep the trophy."



"Hex-Hex-Hex-O-O-s monophosphate shu-shu-nt, Oh hell, you know."



"Yes I can see that, but are you allergic to sea weed, house dust, sunflower seed, or Wool?" Do you have any cats or dogs at home?"

"You've got the Babinski, Bob, but a little less pressure on the key."

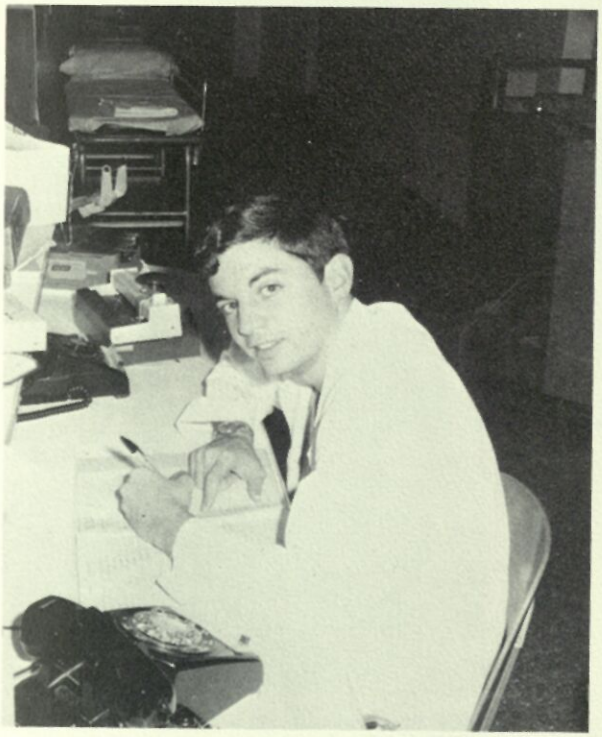
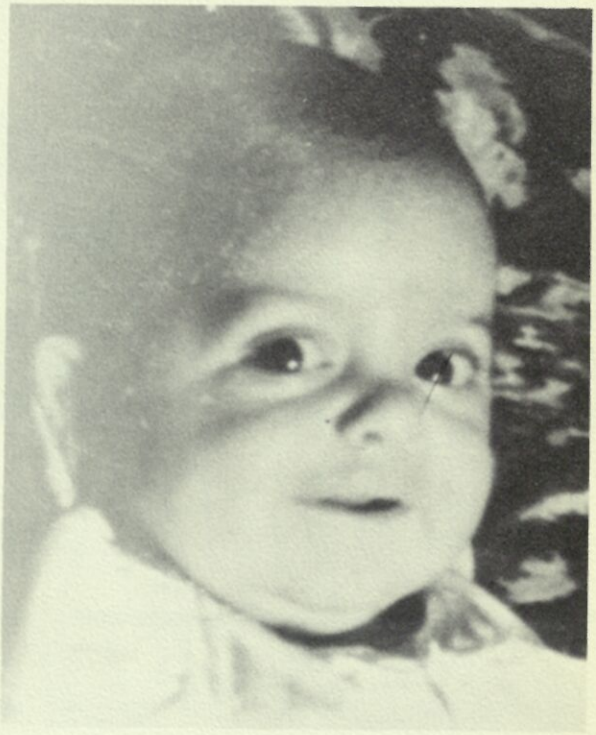
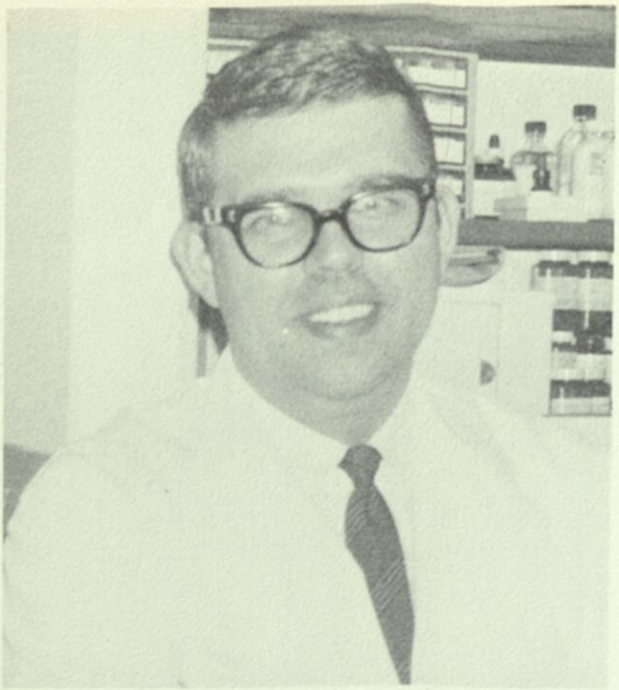
FATHER



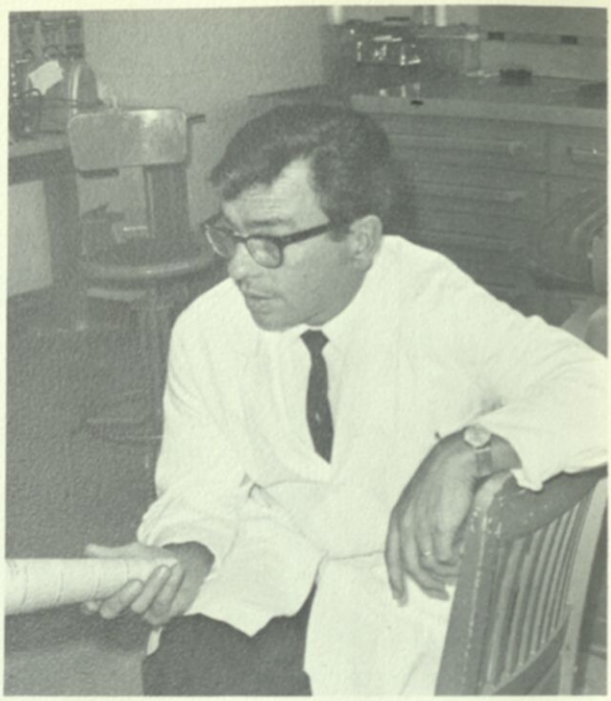
"You may be running this ER Dr. Tudor, but don't forget who my father is."



SON



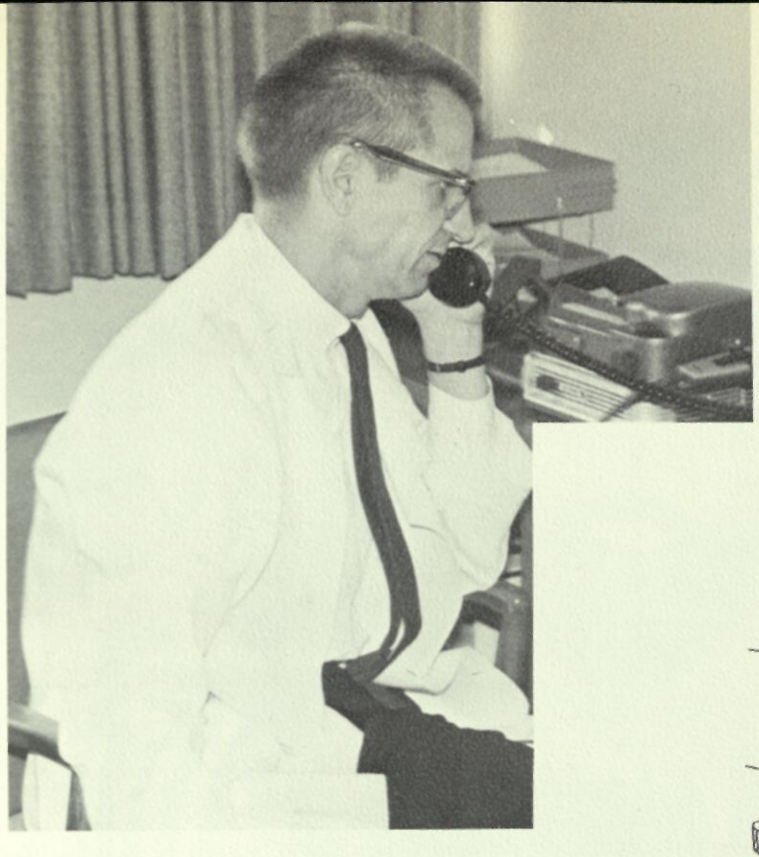
"Whip it out, son and let me have a look at it. How long you had that sore, son? Get a hold of some bad stuff, did ya?"



"Don't worry, if you don't pass the departmental final, you still have a chance on the National Boards."

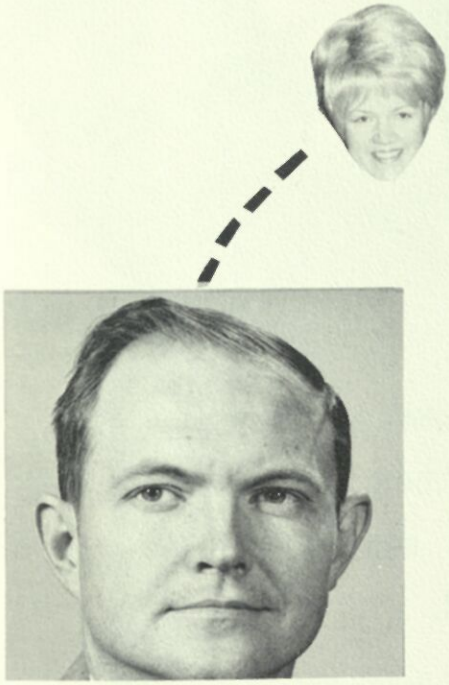
"I understand the prognosis is very poor Gil."

"We sure would like to meet some nice medical Students."

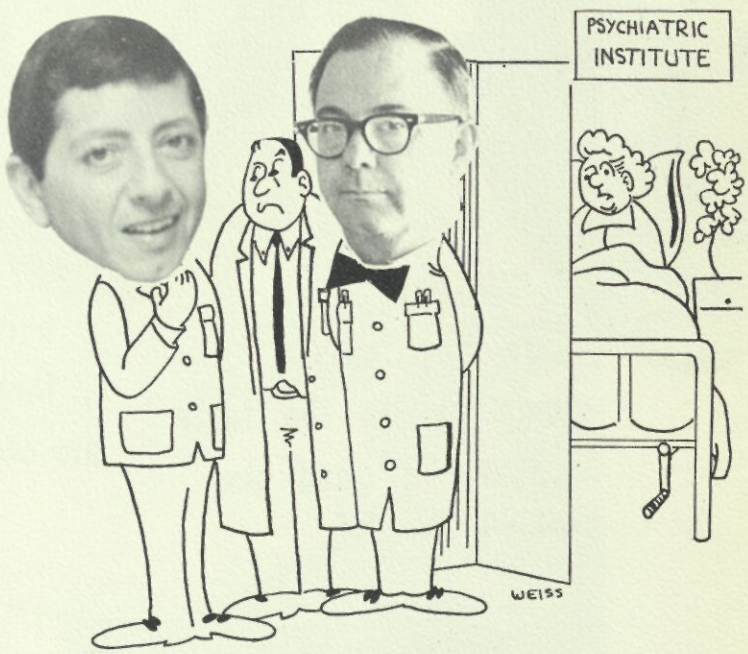


"I'm sorry, but if I made a house call for you, the rest of my patients would expect the same. You do understand, don't you mother."

"Mine! I thought **You** were taking care of Him!"



"You must take the wholelistic approach."



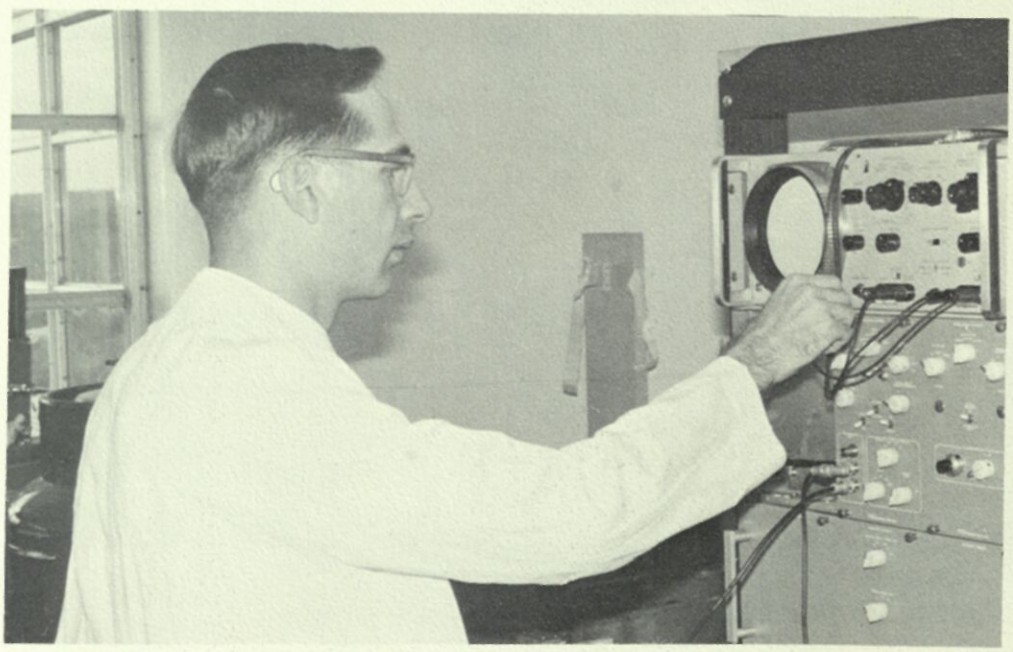
"Stick to the Gray manual, William — 'Crazy as a Loon' is not an acceptable Diagnosis."

"Whew!"
Easy boy...easy...
jump up on the table
...that's a good dog
...hold it now

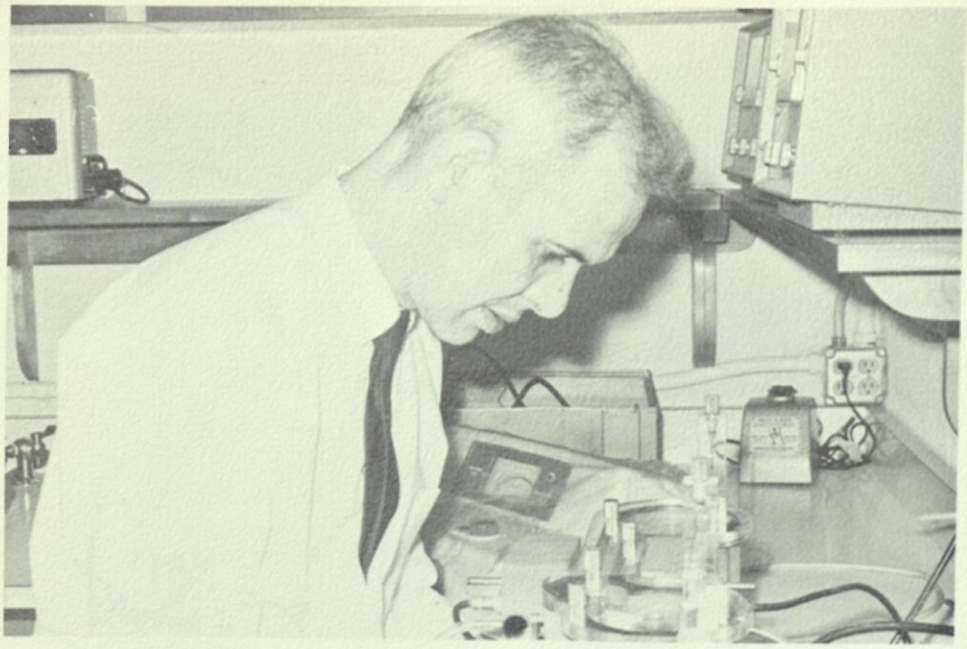
...only one injection
...there...now you're
protected against
all.

think we'd better decrease his estrogen dosage."

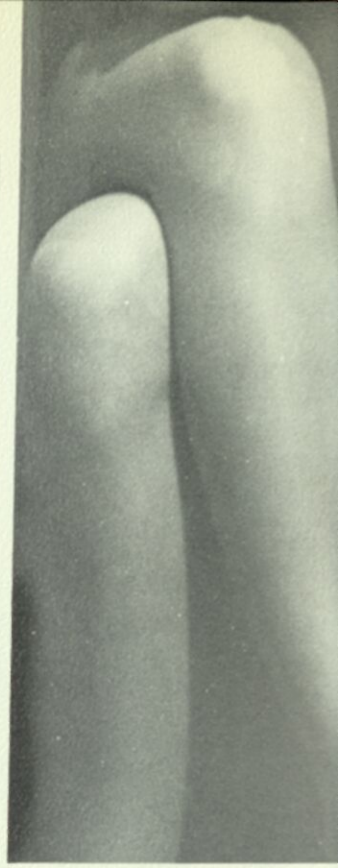
"My hands a bit cold this morning?"



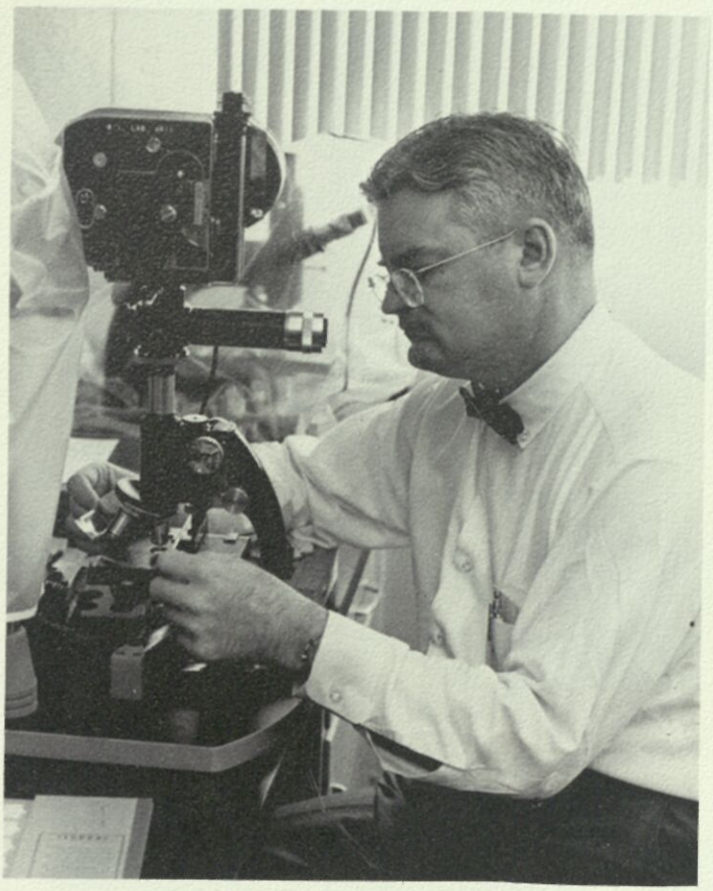
"Maybe I haven't been here as long as Chuck and Charlie but I was educated at THE JOHNS, and I do have a natural dislike for medical students."



I'll be damned, a normal PBI in my lab, that's not fair.



We lon't know who these belong to, but you can exclude Vida Gordon!!



"Looks like crap to me!"

"Really fellas, I had nothing to do with the decision. Besides, what the heck is so bad about UALR?"

A CODE FOR STUDENT NURSES

Successful status in nursing is maintained by the eager willingness of the "practitioner" to fulfill obligations to medical students, interns, residents, and doctors and lastly nursing instructors.

The following statements constitute a plan of objectives for the student nurse:

1. To keep the mature male and female physically and morally clean clear through (and deodorized too).
2. To first call a medical student before entering the linen closet.
3. To cover all bedpans when carrying them to the hopper.
4. To maintain adequate output by forcing fluids.
5. To recognize our most inner needs and to find an outlet for meeting these needs.
6. To recognize the subordinate role of the nurse.
7. To avoid frustrating already frustrated doctors.
8. To provide constant observation of all exposed patients.
9. To be a member and participate in "professional organizations."
10. To always be in a professional position while in uniform.
11. To set a good example for the lay people by following doctor's (?) orders and taking "prescribed" pills daily to avoid the necessity of make-up-time.

Poor Attitude!!

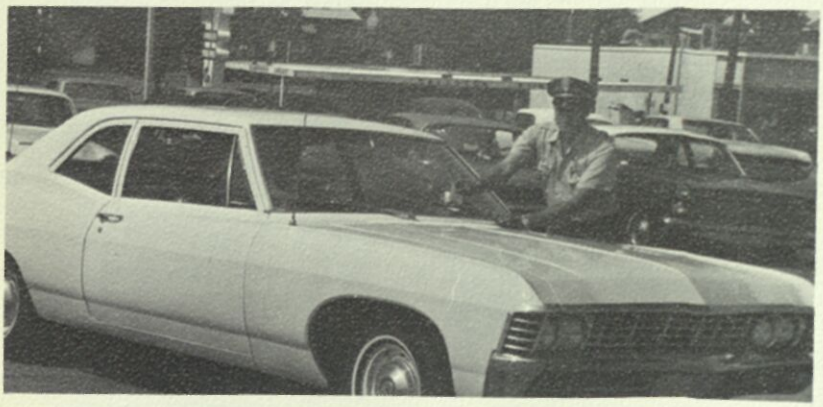
Good Attitude!!

U. S. **Pubic** Health advisers assigned to UAMC (V D Investigators). On your left, Mr. Orlando Blancato; On your right, Mr. Billy Ray Crouse. Any referrals appreciated!!

THE CAMPUS COPS . . . .

The Campus Cops are one group to whom everyone at the UAMC is indebted, literally. These stalwart souls, erroneously labeled "Keystone Kops" by some, do not, in fact, button their tunics at the neck, wear their belts over their jackets nor run aimlessly about. Or even run around at all except perhaps an occasional sortie away from the nighttime coffee pot (would you believe a sojourn to the doughnut machine in the basement?) or to the pool tables?).

"Don't Worry, you can appeal it."



A Keeper of the Peace doing the only thing he knows how to do.

Here is that smile you get once a year from Security, when they sell you the $3.00 parking sticker which **does not** guarantee you a spot to park.

NEEDED—SECURITY OFFICER:
Requirements:

1. I.Q. of 45 or less.
2. A natural dislike for students who must borrow money to pay parking fines.
3. Chronic Emphysema and tobacco stained fingers.
4. Personality Disorder (any type will do).
5. Must be a high school dropout. (Some exceptions are made, but definitely no college allowed.)

I SWEAR BY APOLLO THE PHYSICIAN, to Aescalapius, and Health, and all Heal, and all the Gods and Godesses that according to my ability and judgment I will keep this oath and this stipulation—To recon him who taught me this art equally dear to me as my necesities if required. To look upon his offspring in the same doting as my own brothers and to teach them this art if they shall wish to learn it, without fee or stipulation, and that by precept, lecture, and every other mode of instruction, I will impart a knowledge of this art to my own sons, and those of my teachers, and to disciples bound by a stipulation and oath according to the law of medicine, but to none others. I will follow that system of regimen which, according to my ability and judgment, I consider for the benefit of my patients, and abstain from whatever is deleterious and mischievous, I will give no deadly medicine to anyone if asked, nor suggest any such counsel, and in a like manner I will not to a woman an essary to produce abortion. With purity and with holiness I will Pass my life and practice my art. I will not cut persons laboring under the Stone, but will leave this to be done by men who are practitioners of work. Into whatever houses I enter, I will go into them for the benefit of the sick, and will abstain from every voluntary act of mischief and corruption, and further, from the seduction of females or males, of freemen and slaves. Whatever, in connection of my professional practice, or not in connection with it, I see or hear, in the life of men, which ought not to be spoken of abroad, I will not divulge ,as reckoning that such should be kept secret. While I continue this oath unviolated, may it be granted to me to enjoy life and the practice of the art, respected by all men, in all times, but should I trespass and violate this oath, may the reverse be my lot.

THE MEDICO

"ALWAYS STRIVING TO BE BETTER"

VOL. 22, NO. 8 UNIVERSITY OF ARKANSAS MEDICAL CENTER, LITTLE ROCK, ARK. MARCH, 1970

Outstanding Residents 1969-70

Joe Bumgardner, M.D.

Orman Simmons, M.D.

A.J. Thompson, M.D.

Bob Arrington, M.D.

Galen Barbour, M.D.

The Medico and its advisory committee of senior students takes great pleasure in announcing the outstanding residents of 1969/70.

Each of these young physicians has been chosen on the basis of his demonstrated knowledge of general medicine as well as his own speciality, his attitude towards his students, his willingness and ability to teach, and his demonstrated attitude toward his patients.

Each of these physicians will also receive an individual plaque and a composite plaque will be placed in the UAMC Hospital lobby to commemorate this, the first Medico Resident Awards.

J. Mack Moore, M.D.

Ron Williams, M.D.

Allan Pirnique, M.D.

Jack Wagoner, M.D.

Ken Mathieson, M.D.

MEDICAL DAMES

Medical Dames is the name of the University of Arkansas Chapter of the Student American Medical Association.

The wife of any medical student is eligible for membership. One of the major purposes of the organization is to serve as a source of information to acquaint wives of medical students with the profession of medicine and to prepare them to accept the responsibilities of wives of physicians. It also serves to meet some of the social needs of this rather unique group of women whose husbands must often spend long hours studying, working and taking call.

It is a philanthropic organization also, donating to various charities each year and giving parties for the children on the pediatric ward of the University Hospital.

The group was first organized in 1916. It was disbanded in 1926 and reorganized in 1941. This chapter was among the 26 pioneer chapters represented at the first organizational meeting held in Philadelphia in May, 1957, to formWA-SAMA.

Arkansas is the first chapter of over 75 chapters across the country to have received the Earlene Simon Smith Chapter of the Year Award twice, in 1963 and again in 1967. It also is the first to have two national presidents from one chapter, Johnnie Amonette in 1965-66 and Jennie Welch, in 1969-70.

Arkansas was one of the first chapters to set aside New Physicians' Day, held each year in late April to honor all medical students, interns, and residents.

Officers for this year are: Ginger Hix, President; Camille Thurlby, 1st Vice Pres.; Mary Collier, 2nd Vice Pres.; Julia Hendrickson, Sec.; Virginia Hill, Corresponding Sec.; Ruth Shoemaker, Treas.; Mary Ann Bellas, Historian; Bonnie McIntyre, Parliamentarian.

SENIOR WIVES, seated, L to R: Ramona Flanagan, Rita Hitt, Ginger Hix, Camille Thurlby, Lora Parnell, Andy Smith and Marcie Scriber. **Standing, L toR,** Linda Landers, Carolyn Rorie, Carolyn Stout, Donna Bressinck, Nancy Joyner, Carolyn Laurenzana, and Ruth Beckman.

JUNIOR WIVES: Seated, L to R: Nancy Warren, Connie Gibson, Glenda Davis, Faye Pullig, Pam Dillard, Rose Spades, Mary Ann Bellas, Marjorie Presley, Virginia Hill, Sheri Farmer and Ruth Shoemaker. **Standing, L to R:** Julie Hendrickson, Sandy Singleton, Cheryl Anderson, Vicki Boozman, Donna McNair and Glenna Lee.

SOPHOMORE WIVES: L to R. Gaby Anderson, Bonnie McIntyre, Jeanette Smith, Carolyn Rebsamen, Doris Robinson, Merilyn Tilley, Amy Aspell and Jane Elliot.

FRESHMAN WIVES: L to R: Linda Fairchild, Becky Schaffer, Donna Scheffler, Mary Ann Thompson, Cindy Doss and Carol Lang.

HONOR COUNCIL

Left to Right: Rick Sterne, Don Vance, Don Lum, Jim Sykes, Linda Nall, Mike Mathews, Richard Dobbs, Gary Markland, and Paul Pettit.

STUDENT COUNCIL

Left to Right: John Bowers, Renie Bressinck, Walt Warford, Charles Billings, Tom Polk, Mike Elliott, Boyce West, Charles Rodgers, and James Wolfe.

Arkansas Chapter of SAPhA Hosts the Region 6 Convention March 12-13-14 1970

Dean Mittelstaedt welcomes the students from the attending chapters in region six.

The registrars await the registrants.

Three of the main people who helped make the convention a success.

Cary Post, delegate from region 6, is a person who understands the needs of pharmacy.

Ron Williams, Executive Secretary from national, served as a moderator several times.

Did someone say there was a party in room 8 tonight.

Coffee breaks sponsored by the different service organizations proved useful to all.

A little alcohol removes a lot of inhibition!

The Olde West provided a great atmosphere in which to enjoy yourself.

He.e .e.Y . . . . Watch where you put your cold hands.

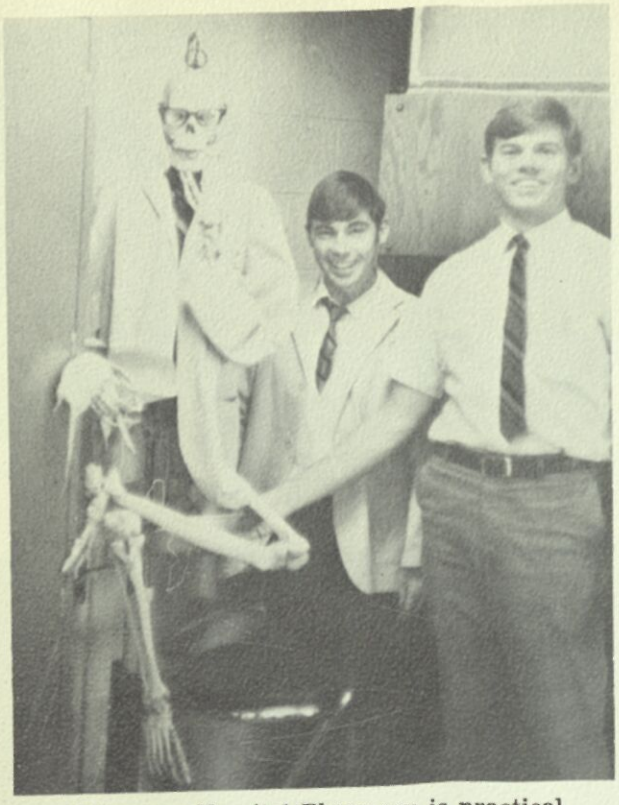
Just what the Hell do you want??

Now if those waitresses would just do away with those tights. . .!

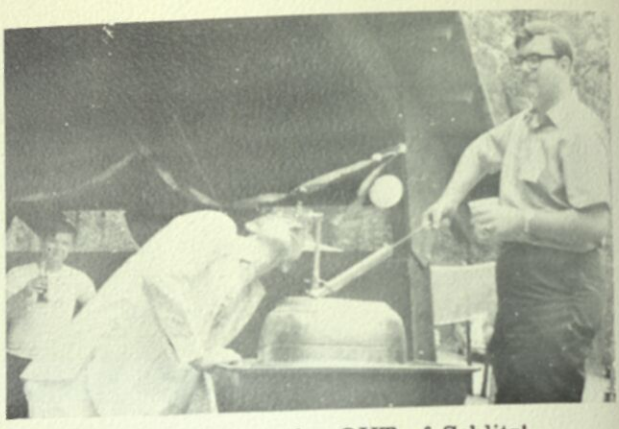
Another Houston Caucus.

And the merry-making continued.

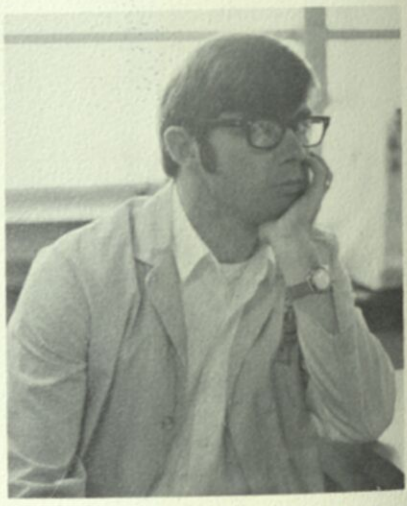
That show sure does keep your eyes open!



Of course Hospital Pharmacy is practical.

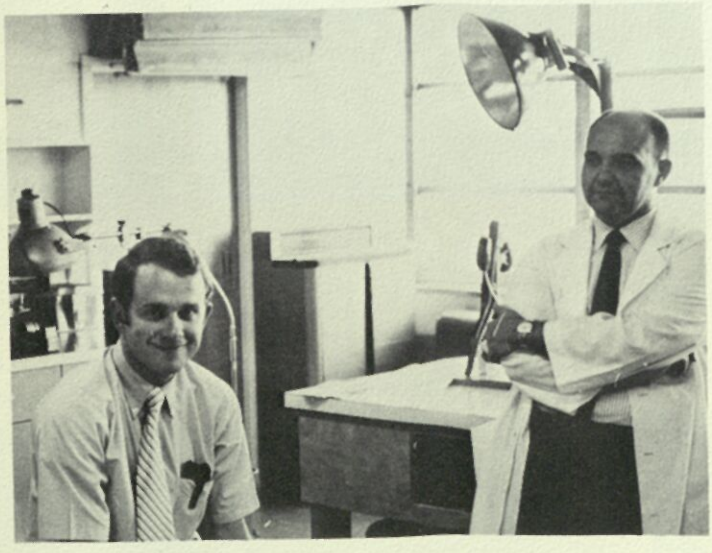


You mean we're OUT of Schlitz!



I wish Walt would talk with less 50¢ words.

Which four afternoons are you playing golf???



My regards to the Dean!

ARKANSAS STATE NURSING STUDENTS ASSOCIATION

Beverly Hackworth
ASNSA Ideal Nursing Student

The U. of A. Nursing students take an active part in their state organization, as evidenced by the representation of three students on the Executive Board—not to mention the elected advisor and various committee members. Two yearly activities are planned: a spring convention which entails various business activities and a fall workshop which assumes a clinical approach. Other yearly events include the election of Ideal Nursing Student and the attendance to the National Convention.

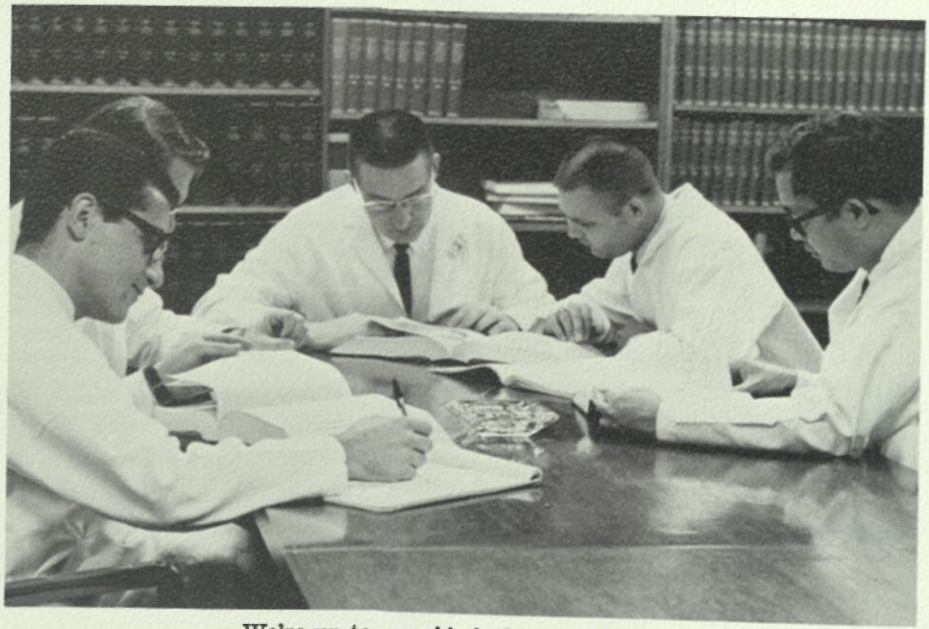
GRADUATE

Dr. Carl E. Duffy
Assistant Dean of
Graduate School
Chairman, Department
Microbiology

Today graduate research is becoming more and more a vital factor in the expansion of our knowledge in the medical sciences. In keeping with this, the University of Arkansas offers graduate work at the Medical center in the Departments of Anatomy, Biochemistry, Microbiology, Physiology, Pharmacy, Pharmacology and Radiological Health. This program plays an essential role in the growth and development of the University of Arkansas Medical Center.



We're up to our A's in biochemistry.

Life as a medical technologist is more than drawing blood, running urinalyses, and taking coffee breaks. It's listening to hours of lecture, endless pipetting, after hour part-time jobs, and for some there are weekly trips to the clinics sponsored by the Student Health Council. All this and much more goes into the development of competent, educated medical technologists.

DENTAL HYGIENE

"DENTAL HYGIENE" IS MED CENTER'S YOUNGEST

In December, 1969, the University of Arkansas School of Dental Hygiene graduated its first class. These twenty girls are now serving as effective members of the dental health team in Arkansas. Because dental hygiene is such a new field here at the Medical Center, it might be well to say that a dental hygienist is licensed to perform oral prophylaxis, take x-rays, prepare models and take impressions, give flouride treatments, and in general educate her patients in the care of his mouth. The school itself is not located within the med. center proper, but at the University Tower Building, 12th and University. There one will find the newest and most convenient equipment available and a cherry atmosphere of people enjoying their work. (well, **almost** always.) The challenge of providing Arkansas with its needed dental hygienists is being met by the new school. The first Junior class was begun in July, 1969, with twenty-four girls. The School of Dental Hygiene is adding to the growth, success and service of the University Medical Center.

University of Arkansas Affiliated Family Practice Residency

Three years including internship
Approved by AMA Residency Review
Committee on 3 Dec. 69.
Meets requirements of the **American Board of Family Practice.**

Family medical care on a continuing basis will be offered by the resident in a group practice model office. Supervised general and specialty training is provided both in the office setting and on rounds. Emphasis on family health, human ecology, health services management, and behavioral sciences will be obtained through qualified consultants.

The program exists through the full cooperation of Baptist Medical Center, St. Vincent Infirmary, and University of Arkansas Medical Center. Elective opportunities exist in these hospitals, as well as in community health, preceptorships, categorical specialties, research, and Master's level course work.

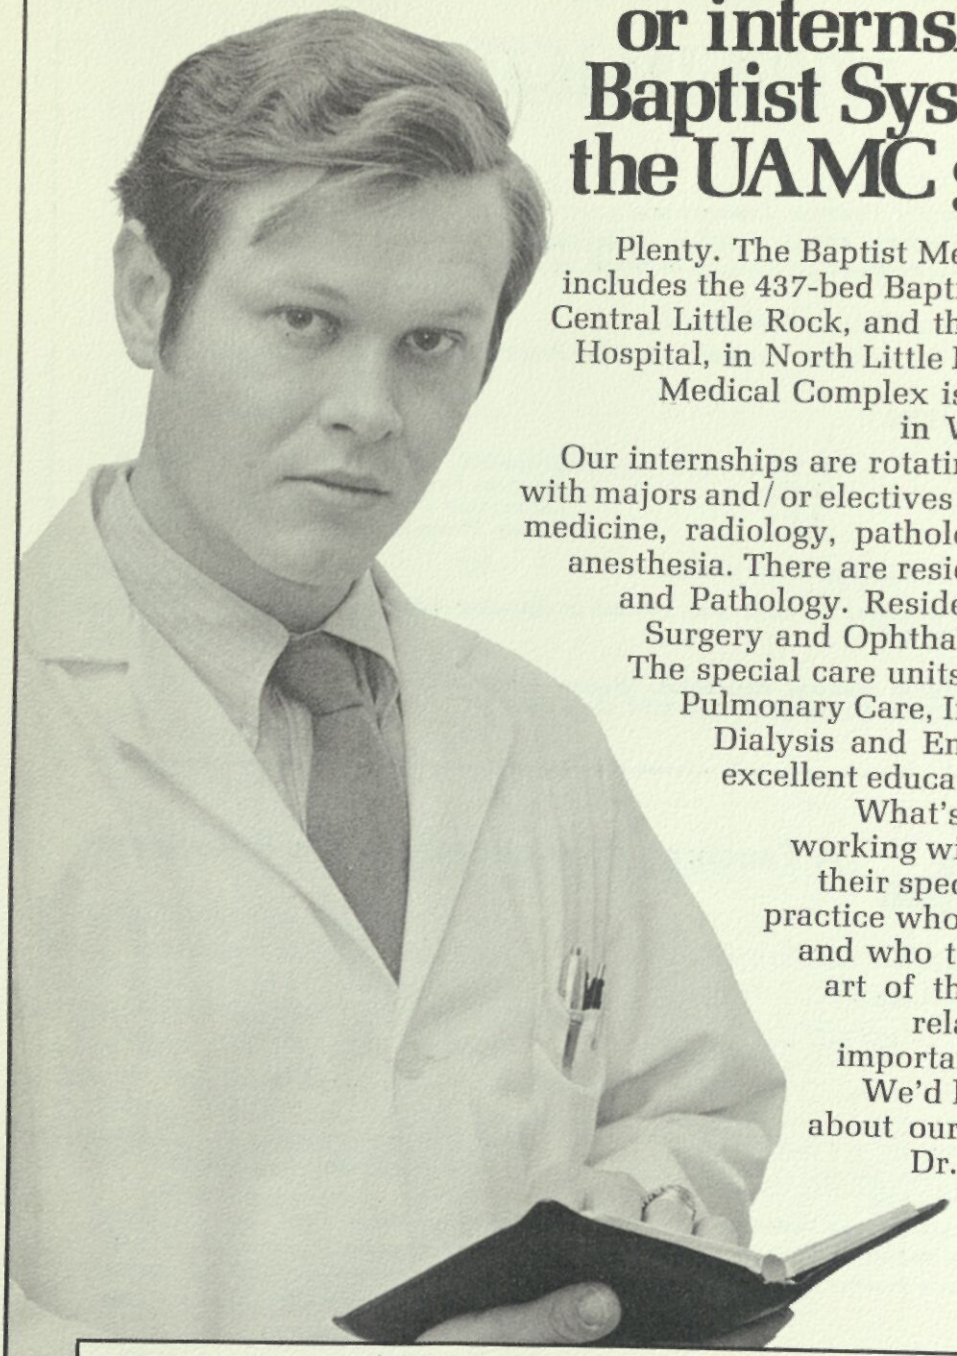
What does a residency or internship in the Baptist System offer the UAMC graduate?



Plenty. The Baptist Medical Center System includes the 437-bed Baptist Medical Center in Central Little Rock, and the 148 bed Memorial Hospital, in North Little Rock. A new 500-bed Medical Complex is under construction in Western Little Rock.

Our internships are rotating types 0,1,3,5,6,7,8 with majors and/or electives available in surgery, medicine, radiology, pathology, psychiatry and anesthesia. There are residencies in Radiology and Pathology. Residents from UAMC in Surgery and Ophthalmology rotate here. The special care units for Coronary Care, Pulmonary Care, Intensive Care, Renal Dialysis and Emergency Care offer excellent educational opportunities.

What's more, you will be working with doctors skilled in their special areas of medical practice who know how to teach and who teach by precept the art of the physician-patient relationship. That's an important point to consider.

We'd like to tell you more about our programs. Contact Dr. Jasper L. McPhail, Director of Medical Education, for all the facts.

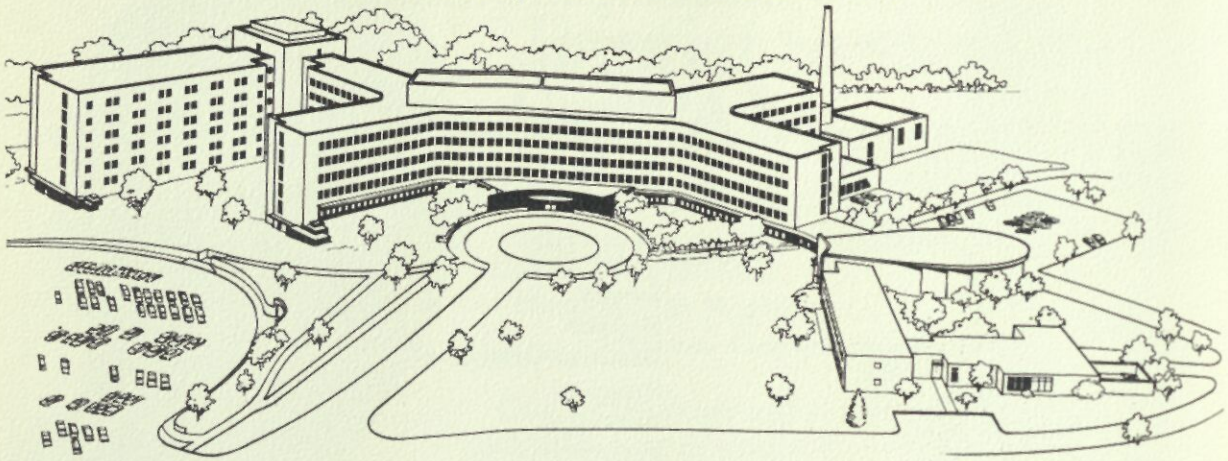
SAINT FRANCIS HOSPITAL, TULSA, OKLAHOMA



A varied and interesting program awaits the intern at Saint Francis Hospital where a unique preceptor type rotating internship is offered for twelve interns. Highly individualized inpatient teaching is given first priority, with the intern assuming great responsibility in patient care. In some instances the intern follows his own cases in the private offices of his preceptor. Saint Francis Hospital is Oklahoma's largest, most modern hospital. Recent expansion has increased the bed capacity to 655 beds and 60 bassinets.

Besides a generous monthly stipend, interns receive uniforms, laundry, meals while on duty, full hospitalization and two weeks vacation.

For more information write: Medical Director, Saint Francis Hospital, 6161 South Yale, Tulsa, Oklahoma 74135.
